

Field Information

We want you and your dogs to have an enjoyable experience and ask that you adhere to these rules for the benefit of all. Non-compliance may result in you being banned from using the field. Any problems whilst using the field please text 07909905233.

It is not possible for this field to be double booked so if this appears please call Tamara on 07909 905233 who will be able to check.

Rules

- You must pre-book and pay for a session by going to www.molesfarm.co.uk. You will have exclusive use of the field during that time.
- Please do not arrive earlier than 10 minutes before your session start time.
- You may enter the car park before your session starts but please do not get out of your car until the previous user has got their dogs back into their car.
- If you are late arriving for your session, you must still leave on time.
- Please keep your dog(s) on a lead until you are inside the field.
- Once in the field, please lock the gate from the inside to prevent anyone else entering the field.
- You must have exited the field and be back in your car by the end of your session to ensure the next user can enter the field on time. Please leave the car park promptly once your session has finished.
- Please do not allow your dog(s) to dig holes in the field.
- Please do not smoke in the field.
- Picnics are permitted but please place any litter in the bins provided or take it away with you.

Dog Poo

Please bring your own poo bags and place contents in the bins provided. It is your responsibility to collect your dog(s) poop. We ban deliberate offenders.

Play equipment

Please supervise your dog(s) carefully on the play equipment.

Dogs should not be encouraged to jump until they have finished growing (12-18 months depending on the breed) so please stick to the tunnels and obedience training until then.

Rescheduling/Cancellations

You may rearrange your booking slot up to 3 hours before the booking time. This is done via the link at the bottom of the confirmation email.

More dogs

You can add more dogs by following the link at the bottom of your confirmation email.

Biosecurity

We cannot guarantee that everybody has their dogs immunised so the risk of infectious diseases is the same as going for a normal dog walk. This is the same for natural issues such as ticks and grass seeds.

Disclaimer

This is not a manicured park and the ground is uneven so please take care when walking around the field. Children should be supervised at all times.

The Management does not accept liability for any accident, injury or misadventure, however so incurred.
